

PIX-21

Series

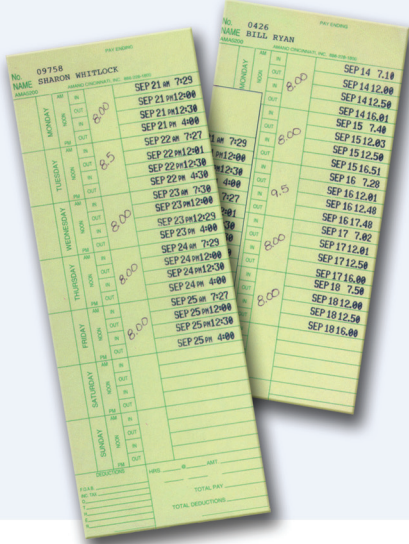

Electronic Time Recorder & Time Stamp

Engineered for value, simplicity and durability, the PIX-21 Series electronic time clock suits small business applications. The PIX-21 eliminates manual time sheets and the errors that usually accompany such methods—contributing to savings right to your bottom line. Ten-message printing along with the date/time stamp allows the PIX-21 to function as a verification and tracking device for other important company documents.

Electronic Time Recorder & Time Stamp
