

The **BP125** series prints on the right margin of standard time cards or paper forms. Batteries can be easily changed and a warning light indicates an improper installation. An audible "beep" indicates when batteries are weak. Select the right battery operated heavy-duty time recorder from the chart below.

BP125-6	BP125-R6	SP125
<p>Completely portable</p> <p>Keel where AC power is not available</p> <p>Easily moved from location to location</p> <p>Normal battery life is approximately 6 months</p> <p>Uses four standard alkaline "D" cells</p> <p>Batteries not included</p>	<p>Best suited where power interruptions are frequent</p> <p>Eliminates the need of having to reset the clock several times each day</p> <p>Can operate for several days on batteries</p> <p>Normal battery life approximately five to six years</p> <p>Uses four standard rechargeable "D" cells</p> <p>Batteries are included</p> <p>Standard voltage: 125VAC/60Hz</p> <p>Optional: 220V/50Hz</p>	<p>Uses energy from the sun to power time recorder</p> <p>Perfect for construction or outdoor job sites</p> <p>Solar board comes with built-in lithium rechargeable battery, 3.7V/1600 mAH</p> <p>Battery is recharged by sunlight (8-10 hours) and by computer USB (2-4 hours)</p> <p>USB cable and adapter are included</p>

ACROPRINT

HEAVY DUTY TIME RECORDERS

Manual Print • Battery Powered • Automatic Print • Solar Powered

The World's Most Recognized Time Clock.

Lost minutes could be costing you thousands of dollars per year.

Take control of your labor costs today with an Acroprint time recorder. Your investment will pay for itself quickly because tracking employee time and attendance saves your business time and money. An employee that takes a few extra minutes of company time for his or her own personal use affects your bottom line. Those minutes add up over time and before you know it, a couple of dollars compound into hundreds of dollars. Just review the chart to see how valuable time tracking is to your business. Based on 250 working days per year, the chart shows the cost of time lost at the conservative rate of 20 minutes a day.

Hourly Rate	Cost Per Minute	2	5	10	25	50	100
\$6.00	\$0.1000	\$1,000	\$2,500	\$5,000	\$12,500	\$25,000	\$50,000
\$9.00	\$0.1333	\$1,333	\$3,333	\$6,667	\$16,667	\$33,333	\$66,667
\$12.00	\$0.2000	\$2,000	\$5,000	\$10,000	\$25,000	\$50,000	\$100,000

BENEFITS OF TRACKING TIME

- Eliminates the uncertainties of handwritten records. Provides legible records of hours worked.
- Conforms to state and federal wage and hour laws by providing permanent, accurate and indisputable records of employee's arrival and departing times.
- Reduce tardiness, long breaks and early departures.
- Increase production and provide the correct cost of a finished product/operation.
- Eliminates disputes regarding pay.

Heavy Duty Time Recorders have unlimited applications for tracking time for employee's hours and job costing.

- | | | |
|--------------------|--------------|--------------------------------|
| Construction Sites | Hotel/Motel | Utility and Highway Crews |
| Automotive Repair | Government | Delivery Vehicles |
| Convenience Stores | Golf Courses | Temporary Work Sites |
| Parking Garages | Food Service | Livestock & Agricultural Farms |

Acroprint offers four product options to help you select the right Heavy Duty Time Recorder for your business.

Model 125 Manual Print Time Recorder

Simply insert the time card and push the black bar to activate printing. Antimicrobial touch bar provides added protection against bacteria and other microbes.

Model 150 Automatic Print Time Recorder

One hand operation. The time recorder prints automatically with electric registration.

Battery Powered Time Recorders

This portable recorder accurately records time anywhere and operates when AC power is not available or during power interruptions. Perfect for remote locations or mobile operations. (See details on the back page)

Solar Powered Model 125 Heavy Duty Time Recorder

Simply plug in the solar panel and use energy from the sun to power the Model 125 Time Recorder. Perfect for construction sites, outdoor job sites and a great way to conserve energy.

Choose from five standard print configurations for your Model 125, Model 150, or BP125 Heavy Duty Time Recorder.
